Dear Mr. Burke:

On May 2 and 6, 1986, Compliance Inspections were conducted at your facility located near the Mississippi River in Sauget, Illinois. The purpose of this letter is to inquire as to your position with respect to the validity of the Agency's findings. During the inspection, the following apparent violation of the Illinois Environmental Protection Act was noted:

The fires observed and reported to you on May 2, 1986 via phone, continue to burn. Although the number of areas has decreased, the violation of Subtitle G, Waste Disposal Part 807.311 remains.

Please submit in writing within fifteen (15) days of the date of this letter, the reasons for the apparent violation outlined above, as well as a description of the steps which will be initiated to prevent any further recurrence of the above cited violation and the measures to be taken to bring the site into compliance with the Environmental Protection Act. The written response should be sent to the address of this office, given above.

Further, take notice that non-compliance with the requirements of the Environmental Protection Act and the Rules and Regulations adopted thereunder may be the subject of an enforcement action pursuant to the Illinois Environmental Protection Act, Ill. Rev. Stat., Ch. 111 1/2, Par. 1001 et seq.

Very truly yours,

ENVIRONMENTAL PROTECTION AGENCY

Re: Sauget, Illinois Fire Reported on May 2, 1986
LPC 1631210001 - St. Clair County - Sauget/Sauget

Dear Mr. Mensing:

Although the above referenced fire was not caused by actions of our company (see attached Pillsbury letter) we have taken the following steps to eliminate the fire.

Since observing the fire on approximately March 25, 1986, we have attempted to extinguish the fire. On May 14, 1986, I met with Mr. Pat McCarthy of your agency on site to review our progress. With the exception of one small area the fire had been extinguished.

We are currently planning to extinguish the remaining small area this week. We will continue to monitor the area on a regular basis to make sure the fire does not restart. In addition, we plan on contacting Mr. McCarthy periodically and reviewing the site with him to determine if any additional action is necessary.

Our company has continually cooperated with your agency with respect to this property. We plan on following the same procedure in the future.

Should you have any questions, please do not hesitate to contact me.

Very truly yours,

Richard D. Burke
Executive Vice President
